

My name is Isabella-Marie. I am a majestic girl who loves magical things. I was born in Marietta GA in 1998. I am deputy of the Tiger Team and share the leadership of Club M. with Ian. I don't eat meat or Mars candy. I draw and read a lot.

One reason I became a vegetarian is because I LOVE animals. I also don't think it's fair to kill them. I don't eat Mars candy because it tests and kills animals. My favorite animals are pigs.

My immediate family includes two sisters, (annoying) mom, (generous) and a dad (awesome!!). I have no pets but I want one dearly. I have a pretty cool Victorian age house with an awesome!! (and I mean awesome!!) backyard. I have a tree house that I use for Tiger Team and Club M. meetings.

I try to help the planet in every way I can. I carpool with my friends Jayde and Madeline. I try my best to recycle. At school we compost and recycle.

I love my life. I'm not sure what I want be when I grow up. My dad is a pilot and sometimes does P.E. at my school. I think his job is cool but I'm not sure if it's right for me.
