

# AUTOBIOGRAPHY

By  
Nicholas  
McAllister

On December 30<sup>th</sup>, 1996, an amazing event happened to the world, I was born. My name is Nick, and my goal is for the whole world to know me. But for now I have to live a strange life.

My last name is McAllister, I have a Family of four a mom named Charlie McAllister a dad named Paul McAllister, and a brother named Tracy McAllister. All McAllister's have green eyes. The only McAllister that does not have green eyes is my cousin Logan he is my 2<sup>nd</sup> cousin twice removed.

The reason my goal is for the whole world to know me is because it's really cool to know that the whole world knows *ME!*

I WANT TO BE REMEMBERED! I WANT EVERYONE IN THE WORLD TO KNOW MY NAME, NICHOLAS MCALLISTER! But that's a huge goal. It may take me a little while.

I also have a dog named Duke He is a German Shepard he is very playful. He eats pants and is bigger than the Eiffel tower and he is only one year old.
